Aberrant muscle. *See* **Muscle, aberrant**

Abstracts
- Abstracts from American Shoulder and Elbow Surgeons Fifteenth Closed Meeting. 1999;8:661-6
- Abstracts from American Shoulder and Elbow Surgeons Fourteenth Open Meeting. 1999;8:181-95
- Abstracts from Second Brazilian Congress of Shoulder and Elbow Surgery and Fourth South American Congress of Shoulder and Elbow Surgery. 1999;8:196-204
- Abstracts from Seventh International Conference on Surgery of the Shoulder. 1999;8:501-58
- Abstracts from Twenty-Fifth Annual Meeting of the Japan Shoulder Society. 1999;8:379-98

Acromion
- Troubleshooting the supraspinatus outlet view (Duralde et al). 1999;8:314-9

Aged
- Repair of massive rotator cuff tears in patients older than 70 years (Worland et al). 1999;8:26-30
- Enormous glomus tumor of the shoulder (Roberts et al). 1999;8:365-6 (Case rep.)
- An operative technique for recurrent shoulder dislocations in older patients (Levy et al). 1999;8:452-7

Anterior acromioplasty
- The use of a polished dessert spoon during open anterior acromioplasty (Harris). 1999;8:660

Arthritis
- Dissociation of the glenoid component in cementless total shoulder arthroplasty (Wallace et al). 1999;8:81-4 (Case rep.)
- Arthroscopic management of the arthritic elbow: indications, technique, and results (Savoie et al). 1999;8:214-9
- Total elbow arthroplasty for treatment of elbow arthritis (Ferlic). 1999;8:367-78 (Review art.)
- Bipolar shoulder arthroplasty in patients with osteoarthritis: short-term clinical results and evaluation of birotational head motion (Arrendondo). 1999;8:425-9
- Epidemiologic study of glenohumeral osteoarthritis with plain radiography (Nakagawa et al). 1999;8:580-4

Arthritis. *See also* **Osteoarthritis; Rheumatoid arthritis**

Arthroscopic acromioplasty
- Cost-benefit comparison: holmium laser versus electrocautery in arthroscopic acromioplasty (Murphy et al). 1999;8:275-8
- Severe heterotopic ossification after arthroscopic acromioplasty: a case report (Boynton). 1999;8:495-7 (Case rep.)
- Intramuscular pressure and fluid absorption during arthroscopic acromioplasty (Sperber). 1999;8:414-8

Arthroscopic lavage
- Arthroscopic lavage compared with nonoperative treatment for traumatic primary anterior shoulder dislocation: a 2-year follow-up of a prospective randomized study. (Wintzell et al) 1999;8:399-402

Arthroscopic techniques
- Open and arthroscopic techniques for the treatment of traumatic anterior shoulder instability in Australian Rules football players (Roberts et al). 1999;8:403-9

Arthroscopic treatment
- Arthroscopic treatment of multidirectional instability (Treacy et al). 1999;8:345-9

Axillary nerve
- Arthroscopic relationship of the axillary nerve to the shoulder joint capsule: an anatomic study (Uno et al). 1999;8:226-30

B

Bankart repair
- Recurrences after the open Bankart repair: a potential risk with use of suture anchors (Tamai et al). 1999;8:37-41
- Revision shoulder stabilization: 2-10-year results (Zubinski et al). 1999;8:58-65
- Early results of Bankart repair with a patient-controlled rehabilitation program (McDermott et al). 1999;8:146-50

Biceps tendon disorders
- Disorders of the long head of the biceps tendon (Sethi et al). 1999;8:644-54

Bone abnormality
- Deltroid contracture: a radiographic survey of bone and joint abnormalities (Ogawa et al). 1999;8:22-5

Bone grafting
- Clavicular nonunions treated with compression plate fixation and cancellous bone grafting: the functional outcome (Laursen). 1999;8:410-13

C

Calcific tendinitis
- Subcoracoid impingement after ossification of the subscapularis tendon (Peidro et al). 1999;8:170-1 (Case rep.)
- Calcific tendinitis of the trapezius insertion (Nofsinger et al). 1999;8:162-4 (Case rep.)

Meeting abstracts are located in the March/April, July/August, September/October, and November/December issues.

*January/February, pp. 1-98; March/April, pp. 99-204; May/June, pp. 205-286; July/August, pp. 287-398; September/October, pp. 399-558; November/December, pp. 559-682.

Carpal tunnel
An aberrant osseous tunnel in the medial epicondyle (Dietrich et al).1999;8:498-9 (Case rep.)
Case reports
Dissociation of the glenoid component in cementless total shoulder arthroplasty (Wallace et al). 1999;8:81-4 (Case rep.)
Bilateral osteochondromatosis of the subacromial bursae with incomplete rotator cuff tears (Ogawa et al). 1999;8:78-81 (Case rep.)
Calcific tendinitis of the trapezius insertion (Nofsinger et al). 1999;8:162-4 (Case rep.)
Toxic shock syndrome after a closed comminuted fracture surgery at the distal end of the humerus (Kato et al). 1999;8:165-9 (Case rep.)
Subcoracoid impingement after ossification of the subscapularis tendon (Peidro et al). 1999;8:170-1 (Case rep.)
Intraarticular radial head osteotomy (Beingessner et al). 1999;8:172-4 (Case rep.)
Surgical management of heterotopic ossification of the shoulder (Warner et al). 1999;8:175-8 (Case rep.)
Late dislocation after total elbow arthroplasty (Wretenberg et al). 1999;8:178-9 (Case rep.)
Rotational dissociation of glenoid components in a total shoulder prosthesis: an indication that sagittal torque forces may be important in glenoid component design (Feldman et al). 1999;8:279-80 (Case rep.)
Massive osteolysis of the shoulder (Gorham-Stout syndrome) (Pans et al). 1999;8:281-3 (Case rep.)
Reconstruction of the medial collateral ligament with flexor carpi radialis tendon graft for instability after capitellocondylar total elbow arthroplasty (Chiodo et al). 1999;8:284-6 (Case rep.)
Adverse effects of extensive clavicular resections and a suggested method of reconstruction (Adolfsson et al). 1999;8:361-4 (Case rep.)
Enormous glomus tumor of the shoulder (Roberts et al). 1999;8:365-6 (Case rep.)
Use of botulinum A toxin in irreducible shoulder dislocation caused by spasm of pectoralis major (Sinha et al). 1999;8:75-6 (Case rep.)
Erosion and nonunion of the first rib after sternoclavicular reconstruction with Dacron (Reilly et al). 1999;8:76-8 (Case rep.)
Cervical spine
Relation between the painful shoulder and the cervical spine with narrow canal in patients without obvious radiculopathy (Mimori et al). 1999;8:303-6
Clavicle
The acromioclavicular capsule as a restraint to posterior translation of the clavicle: a biomechanical analysis (Klimkiewicz et al). 1999;8:119-24
Clavicle malunion (Chan et al). 1999;8:287-90
Clavicular nonunions treated with compression plate fixation and cancellous bone grafting: the functional outcome (Laursen). 1999;8:410-3
Collagen
Thermal modification of collagen (Wall et al). 1999;8:339-44
Computed tomography
Variability of measurement of glenoid version on computed tomography scan (Bokor et al). 1999;8:595-8
Fatty degeneration of the muscles of the rotator cuff: assessment by computed tomography versus magnetic resonance imaging (Fuchs et al). 1999;8:606-11
Coracoid impingement syndrome. *See* **Impingement syndrome, coratoid**
Cubital tunnel
The cubital tunnel: anatomic, histologic, and biomechanical study (Green). 1999;8:466-70

D

Dacron
Erosion and nonunion of the first rib after sternoclavicular reconstruction with Dacron (Reilly et al). 1999;8:76-8 (Case rep.)
Deltroid contracture
Deltroid contracture: a radiographic survey of bone and joint abnormalities (Ogawa et al). 1999;8:22-25
Dislocations
Late dislocation after total elbow arthroplasty (Wretenberg et al). 1999;8:178-9 (Case rep.)
Glenohumeral osteoarthrosis after Putti-Platt repair (van der Swagg et al). 1999;8:252-8
Arthroscopic lavage compared with nonoperative treatment for traumatic primary anterior shoulder dislocation: a 2-year follow-up of a prospective randomized study (Wintzell et al). 1999;8:399-402
Radial head fractures associated with elbow dislocations treated by immediate stabilization and early motion (Frankle et al). 1999;8:355-60

E

Elbow
Anatomic relation between the medial collateral ligament of the elbow and the humero-ulnar joint axis (Ochi et al). 1999;8:6-10
The extraneural and intraneural arterial anatomy of the ulnar nerve at the elbow (Yamaguchi et al). 1999;8:17-21
Arthroscopic management of the arthritic elbow: indications, technique, and results (Savoie et al). 1999;8:214-9
The cubital tunnel: anatomic, histologic, and biomechanical study (Green). 1999;8:466-70
A modified lateral approach for release of posttraumatic elbow flexion contracture (Kraushaar et al). 1999;8:476-80
Latissimus dorsi pedicle flap for coverage of soft tissue defects about the elbow (Stevanovic et al). 1999;8:634-43
Elbow arthroplasty
Late dislocation after total elbow arthroplasty (Wretenberg et al). 1999;8:178-9 (Case rep.)
Reconstruction of the medial collateral ligament with flexor carpi radialis tendon graft for instability after capitellocondylar total elbow

arthroplasty (Chiodo et al). 1999;8:284-6 (Case rep.)
Semiconstrained total elbow arthroplasty in the context of treated previous infection (Yamaguchi et al). 1999;8:461-5

Elbow assessment
A standardized method for assessment of elbow function (King et al). 1999;8:351-4

Elbow dislocations
Radial head fractures associated with elbow dislocations treated by immediate stabilization and early motion (Frankle et al). 1999;8:355-60

Elbow joint
Elbow joint kinematics after excision of the radial head (Jensen et al). 1999:8:238-41
Anatomic and histologic studies of lateral collateral ligament complex of the elbow joint (Imatani et al). 1999;8:625-7

Elbow pain
An aberrant osseous tunnel in the medial epicondyle (Dietrich et al). 1999;8:498-9 (Case rep.)

Elbow replacement
A modified posterior approach to the elbow for total elbow replacement (Joshi et al). 1999;8:606-11

Elderly; *see* **Aged**

Epileptic seizures
Restraining patients and shoulder dislocations during seizures (DeToledo et al). 1999;8:300-2

Examination of patient
Translation of the glenohumeral joint in patients with anterior instability: awake examination versus examination with the patient under anesthesia (Faber et al). 1999;8:320-3

F

Flexion contracture
A modified lateral approach for release of posttraumatic elbow flexion contracture (Kraushaar et al). 1999;8:476-80

Football players
Open and arthroscopic techniques for the treatment of traumatic anterior shoulder instability in Australian Rules football players. (Roberts et al). 1999;8:403-9

Forearm rotation assist split
Measurement of radioulnar synotasis with mobilization, anconeus interposition, and a forearm rotation assist splint (Bell). 1999;8:621-4

Fractures
Complex fractures of the distal humerus and their complications (Ring et al). 1999;8:85-97 (Review art.)
Intraarticular radial head osteotomy (Beingessner et al). 1999;8:172-4 (Case rep.)
Do functional deficits result from radial head resection? (Fuchs et al). 1999;8:247-50
Toxic shock syndrome after a closed comminuted fracture surgery at the distal end of the humerus (Kato et al). 1999;8:165-9 (Case rep.)
Prosthetic radial head components and proximal radial morphology: a mismatch (Beredjiklan et al). 1999;8:471-5
Transitory percutaneous pinning in fractures of the proximal humerus (Soete et al). 1999;8:569-73
Periprosthetic humeral fractures: management and classification (Worland et al). 1999;8:590-4
Clavicle malunion (Chan et al). 1999;8:287-90
Radial head fractures associated with elbow dislocations treated by immediate stabilization and early motion (Frankle et al). 1999;8:355-60

G

Glenohumeral dislocation
Asymptomatic chronic anterior posttraumatic dislocation in a young male patient (Jerosh et al). 1999;8:492-4 (Case rep.)

Glenohumeral joint
Effect of joint compression on inferior stability of the glenohumeral joint (Warner et al). 1999;8:31-6
Contribution of the passive properties of the rotator cuff to glenohumeral stability during anterior-posterior loading (Debski et al). 1999;8:324-9

Gorham-Stout syndrome
Massive osteolysis of the shoulder (Gorham-Stout syndrome) (Pans et al). 1999;8:281-3 (Case rep.)

H

Heterotopic ossification
Severe heterotopic ossification after arthroscopic acromioplasty: a case report (Boynton).1999;8:495-7 (Case rep.)

Humeral head
Ultrasonic measurement of the anterior translation in the shoulder joint (Krarup et al). 1999;8:136-41
Prosthetic adaptability: a new concept for shoulder arthroplasty (Walch). 1999;8:443-51
Osteonecrosis of the humeral head: relationship of disease stage, extent, and cause to natural history (Hattrup). 1999;8:559-64
Variations in the retroversion of the humeral head (Edelson). 1999;8:142-5

Humerus
Complex fractures of the distal humerus and their complications (Ring et al). 1999;8:85-97 (Review art.)
Extensile approach to the anterolateral surface of the humerus and the radial nerve (Mekhail et al). 1999;8:112-8
Transitory percutaneous pinning in fractures of the proximal humerus (Soete et al). 1999;8:569-73

I

Impingement
Subcoracoid impingement after ossification of the subscapularis tendon (Peidro et al). 1999;8:170-1 (Case rep.)
Internal impingement of the shoulder: a clinical and arthroscopic analysis (McFarland et al). 1999;8:458-60
Is supraspinatus pathology as defined by magnetic resonance imaging associated with clinical sign of shoulder impingement? (Frost). 1999;8:565-8

Impingement syndrome
Self-training versus physiotherapist-supervised re-

habilitation of the shoulder in patients treated with arthroscopic subacromial decompression: a clinical randomized study (Anderson et al). 1999;8:99-101
Successful osteosynthesis of an unstable mesoacromion in 6 shoulders: a new technique (Satterlee et al). 1999;8:125-9
Rotator interval lesions and their relation to Coracoid impingement syndrome (Dumontier et al). 1999;8:130-5
Arthroscopic subacromial decompression: results and factors affecting outcome (Patel et al). 1999;8:231-7
Arthroscopic surgery versus supervised exercises in patients with rotator cuff disease (Stage II impingement syndrome): a prospective, randomized, controlled study in 125 patients with a 2 1/2 year follow-up. (Mekhail et al). 1999;8:102-11
The role of the bicipital groove in tendopathy of the long biceps tendon (Pfahler et al). 1999;8:419-24
The influence of cuff pathology on shoulder function after arthroscopic subacromial decompression: a 3- and 6-year follow-up study (Hoe-Hansen et al). 1999;8:585-9

Impingement syndrome, coracoid
Rotator interval lesions and their relation to Coracoid impingement syndrome (Dumontier et al). 1999;8:130-5

Impingement syndrome(s) Neer I-III
Intramuscular pressure and fluid absorption during arthroscopic acromioplasty (Sperber). 1999;8:414-8

Impingement syndrome, refractory
Cost-benefit comparison: holmium laser versus electrocautery in arthroscopic acromioplasty (Murphy et al). 1999;8:275-8

Impingement syndrome, Stage II
Arthroscopic surgery versus supervised exercises in patients with rotator cuff disease (Stage II impingement syndrome): a prospective, randomized, controlled study in 125 patients with a 2 1/2 year follow-up. (Wintzell et al). 1999;8:102-11

Impingement syndrome, subacromial
Troubleshooting the supraspinatus outlet view (Duralde et al). 1999;8:314-9

Infection
Infection after rotator cuff repair (Settecerri et al). 1999;8:1-5
Semiconstrained total elbow arthroplasty in the context of treated previous infection (Yamaguchi et al). 1999;8:461-5

Intraarticular disease
Evolution of lesions of the labrum-ligament complex in posttraumatic anterior shoulder instability: a prospective study (Habermeyer et al). 1999;8:66-74

Intramuscular pressure
Intramuscular pressure and fluid absorption during arthroscopic acromioplasty (Sperber). 1999;8:414-8

J

Joint compression
Effect of joint compression on inferior stability of the glenohumeral joint (Warner et al). 1999;8:31-6

Joint laxity
Thermal modification of collagen (Wall et al). 1999;8:339-44

Joint malfunction
Epidemiologic study of glenohumeral osteoarthritis with plain radiography (Nakagawa et al). 1999;8:580-4

K

Kinematics
Radiographic evaluation of glenohumeral kinematics: a muscle fatique model (Chen et al). 1999;8:49-52
Elbow joint kinematics after excision of the radial head (Jensen et al). 1999:8:238-41

L

Lateral collateral ligament
Anatomic and histologic studies of lateral collateral ligament complex of the elbow joint (Imatani et al). 1999;8:625-7

Lateral epicondylitis
Lateral tennis elbow: "Is there any science out there?" (Boyer). 1999;8:481-91 (Review art.)

Letters to the editor
Osteoid of the clavicle (Maffulli) (Letter); (Moskal) (Reply). 1999;8:98
Attachment of the Coracoacromial ligament under the scapula (Johnson) (Letter). 1999;8:500
E. Armor Codman, Surgeon of the 1990's (Mallon) (Letter). 1999;8:204

Lidocaine injection
Normal shoulder proprioception and the effect of lidocaine injection (Zuckerman et al). 1999;8:11-6

Long biceps tendon disease
The role of the bicipital groove in tendopathy of the long biceps tendon (Pfahler et al). 1999;8:419-24

M

Magnetic resonance imaging
Comparison of magnetic resonance imaging and arthroscopy in the evaluation of shoulder pathology (Torstensen et al). 1999;8:42-5
Functional and magnetic resonance imaging evaluation after single-tendon rotator cuff reconstruction (Knudsen et al). 1999;8:242-6
Prosthetic radial head components and proximal radial morphology: a mismatch (Beredjiklan et al). 1999;8:471-5
Fatty degeneration of the muscles of the rotator cuff: assessment by computed tomography versus magnetic resonance imaging (Fuchs et al). 1999;8:599-605

Mason-Allen suture technique
A simple suture shuttle in rotator cuff repairs: a technical note (Cyprien et al). 1999;8:159-61

(Technical note)

Medial collateral ligament
Anatomic relation between the medial collateral ligament of the elbow and the humero-ulnar joint axis (Ochi et al). 1999;8:6-10
Reconstruction of the medial collateral ligament with flexor carpi radialis tendon graft for instability after capitellocondylar total elbow arthroplasty (Chiodo et al). 1999;8:284-6 (Case rep.)
Kinematics of partial and total ruptures of the medial collateral ligament of the elbow (Eygendaal et al). 1999;8:612-6

Medical society news
Third Advanced Course on Shoulder Arthroplasty. 1999;8:500

Muscle, aberrant
Aberrant muscle anterior to the shoulder joint: its clinical relevance (Ogawa et al). 1999;8:46-8

Muscle fatique model
Radiographic evaluation of glenohumeral kinematics: a muscle fatique model (Chen et al). 1999;8:49-52

Muscles
Potential excursion and relative tension of muscles in the shoulder girdle: relevance to tendon transfers. (Herzberg et al) 1999;8:430-7
Fatty degeneration of the muscles of the rotator cuff: assessment by computed topography versus magnetic resonance imaging (Fuchsia et al). 1999;8:599-605

Muscoloskeletal disorders
A standardized method for assessment of elbow function (King et al). 1999;8:351-4

Muscular injections
Use of botulinum A toxin in irreducible shoulder dislocation caused by spasm of pectoralis major (Sinha et al). 1999;8:75-6 (Case rep.)

N

Neer-I-III impingement syndrome. *See* **Impingement syndrome Neer I-III**

Nerve compression disorders
The cubital tunnel: anatomic, histologic, and biochemical study (Green). 1999;8:466-70

O

Osteoarthrosis
Glenohumeral osteoarthrosis after Putti-Platt repair (van der Swagg et al). 1999;8:252-8

Osteonecrosis
Osteonecrosis of the humeral head: relationship of disease stage, extent, and cause to natural history (Hattrup). 1999;8:559-64

P

Putti-Platt repair
Glenohumeral osteoarthrosis after Putti-Platt repair (van der Swagg et al). 1999;8:252-8

R

Radial collateral ligament
Anatomic and histologic studies of lateral collateral ligament complex of the elbow joint (Imatani et al). 1999;8:625-7

Radial head
Elbow joint kinematics after excision of the radial head (Jensen et al). 1999:8:238-41
Do functional deficits result from radial head resection? (Fuchs et al). 1999;8:247-50

Radial head fractures
Radial head fractures associated with elbow dislocations treated by immediate stabilization and early motion (Frankle et al). 1999;8:355-60

Radial head osteotomy
Intraarticular radial head osteotomy (Beingessner et al). 1999;8:172-4 (Case rep.)

Radial nerve
Extensile approach to the anterolateral surface of the humerus and the radial nerve (Mekhail et al). 1999;8:112-8
Anatomic study of posterior interosseous nerve in the arcade of Frohse (Özkan et al). 1999;8:617-20

Radiographs
Osteometry of the glenohumeral joint (Rozing). 1999;8:438-42

Radioulnar synotasis
Measurement of radioulnar synotasis with mobilization, anconeus interposition, and a forearm rotation assist splint (Bell). 1999;8:621-4

Refractory impingement syndrome. *See* **Impingement syndrome, refractory**

Rehabilitation
Early results of Bankart repair with a patient-controlled rehabilitation program (McDermott et al). 1999;8:146-50

Retroversion
Variations in the retroversion of the humeral head (Edelson). 1999;8:142-5

Review article
Complex fractures of the distal humerus and their complications (Ring et al). 1999;8:85-97 (Review art.)
Total elbow arthroplasty for treatment of elbow arthritis (Ferlic). 1999;8:367-78 (Review art.)

Rheumatoid arthritis
Surgery for rheumatoid arthritis of the elbow: a comparison of radial-head excision and synovectomy with total elbow replacement (Woods et al). 1999;8:291-5

Rotator cuff
Repair of massive rotator cuff tears in patients older than 70 years (Worland et al). 1999;8:26-30
Bilateral osteochondromatosis of the subacromial bursae with incomplete rotator cuff tears (Ogawa et al). 1999:8:78-81 (Case rep.)
Primary anterior shoulder dislocation and rotator cuff tears (Berbig et al). 1999;8:220-5
Arthroscopic subacromial decompression: results and factors affecting outcome (Patel et al). 1999;8:231-7
Surgical treatment of full-thickness rotator cuff tears in patients 40 years of age or younger (Hawkins et al). 1999;8:259-65

Effect of steroid injections on the rotator cuff: an experimental study in rats (Tillander et al). 1999;8:271-4
Age-related prevalence of rotator cuff tears in asymptomatic shoulders (Tempelhof et al). 1999;8:296-9
Self-assessment questionnaires document substantial variability in the clinical expression of rotator cuff tears (Duckworth et al). 1999;8:330-3
Internal impingement of the shoulder: a clinical and arthroscopic analysis (McFarland et al). 1999;8:458-60
Is supraspinatus pathology as defined by magnetic resonance imaging associated with clinical sign of shoulder impingement? (Frost). 1999;8:565-8
Fatty degeneration of the muscles of the rotator cuff: assessment by computed topography versus magnetic resonance imaging (Fuchs et al). 1999;8:599-605

Rotator cuff disease
Self-training versus physiotherapist-supervised rehabilitation of the shoulder in patients treated with arthroscopic subacromial decompression: a clinical randomized study (Anderson et al). 1999;8:99-101

Rotator cuff muscles
Contribution of the passive properties of the rotator cuff to glenohumeral stability during anterior-posterior loading (Debski et al). 1999;8:324-9

Rotator cuff pathology
The influence of cuff pathology on shoulder function after arthroscopic subacromial decompression: a 3- and 6-year follow-up study (Hoe-Hansen et al). 1999;8:585-9

Rotator cuff reconstruction
Functional and magnetic resonance imaging evaluation after single-tendon rotator cuff reconstruction (Knudsen et al). 1999;8:242-6

Rotator cuff repairs
Infection after rotator cuff repair (Settecerri et al). 1999;8:1-5
A simple suture shuttle in rotator cuff repairs: a technical note (Cyprien et al). 1999;8:159-61 (Technical note)

Rotator cuff tendons
Histoligic evidence of degeneration of the insertion of 3 rotator cuff tendons: a comparative study with human cadaveric shoulders (Sano et al). 1999;8:574-9

Rotator interval lesions
Rotator interval lesions and their relation to coracoid impingement syndrome (Dumontier et al). 1999;8:130-5

Ruptures
Kinematics of partial and total ruptures of the medial collateral ligament of the elbow (Eygendaal et al). 1999;8:612-6

S

Self-assessment tools
Self-assessment questionnaires document substantial variability in the clinical expression of rotator cuff tears (Duckworth et al). 1999;8:330-3

Shock. *See* **Toxic shock syndrome**

Shoulder
Recurrences after the open Bankart repair: a potential risk with use of suture anchors (Tamai et al). 1999;8:37-41
Successful osteosynthesis of an unstable mesoacromion in 6 shoulders: a new technique (Satterlee et al). 1999;8:125-9
Surgical management of heterotopic ossification of the shoulder (Warner et al). 1999;8:175-8 (Case rep.)
Massive osteolysis of the shoulder (Gorham-Stout syndrome) (Pans et al). 1999;8:281-3 (Case rep.)
Clavicle malunion (Chan et al). 1999;8:287-90
Age-related prevalence of rotator cuff tears in asymptomatic shoulders (Tempelhof et al). 1999;8:296-9
Relation between the painful shoulder and the cervical spine with narrow canal in patients without obvious radiculopathy (Mimori et al). 1999;8:303-6
Surgical anatomy of the posterior shoulder: effects of arm position and anterior-inferior capsular shift (Bailie et al). 1999;8:307-13
A wide and versatile combined surgical approach to the shoulder (Levy et al). 1999;8:658-9
Histoligic evidence of degeneration of the insertion of 3 rotator cuff tendons: a comparative study with human cadaveric shoulders (Sano et al). 1999;8:574-9

Shoulder arthroplasty
Dissociation of the glenoid component in cementless total shoulder arthroplasty (Wallace et al). 1999;8:81-4 (Case rep.)
Stress analyses of glenoid components in total shoulder arthroplasty (Stone et al). 1999;8:151-8
Prosthetic adaptability: a new concept for shoulder arthroplasty (Walch). 1999;8:443-51
Bipolar shoulder arthroplasty in patients with osteoarthritis: short-term clinical results and evaluation of birotational head motion (Arredondo). 1999;8:425-9
Periprosthetic humeral fractures: management and classification (Worland et al). 1999;8:590-4

Shoulder disease
The acromioclavicular capsule as a restraint to posterior translation of the clavical: a biomechanical analysis (Klimkiewicz et al). 1999;8:119-24

Shoulder dislocations
Primary anterior shoulder dislocation and rotator cuff tears (Berbig et al). 1999;8:220-5
Restraining patients and shoulder dislocations during seizures (DeToledo et al). 1999;8:300-2
Arthroscopic lavage compared with nonoperative treatment for traumatic primary anterior shoulder dislocation: a 2-year follow-up of a prospective randomized study. (Wintzell et al). 1999;8:399-402
Asymptomatic chronic anterior posttraumatic dislocation in a young male patient (Jerosh et al). 1999;8:492-4 (Case rep.)

An operative technique for recurrent shoulder dislocations in older patients (Levy et al). 1999;8:452-7

Shoulder function
Disorders of the long head of the biceps tendon (Sethi et al). 1999;8:644-54

Shoulder instability
Early results of Bankart repair with a patient-controlled rehabilitation program (McDermott et al). 1999;8:146-50
Posterioinferior glenoplasty can change glenoid shape and increase the mechanical stability of the shoulder (Metcalf et al). 1999;8:205-13
Neurologic complications of surgery for anterior shoulder instability (Ho et al). 1999;8:266-70
Translation of the glenohumeral joint in patients with anterior instability: awake examination versus examination with the patient under anesthesia (Faber et al). 1999;8:320-3
Arthroscopic treatment of multidirectional instability (Treacy et al). 1999;8:345-9
Variability of measurement of glenoid version on computed tomography scan (Bokor et al). 1999;8:595-8
Open and arthroscopic techniques for the treatment of traumatic anterior shoulder instability in Australian Rules football players (Roberts et al). 1999;8:403-9
Evolution of lesions of the labrum-ligament complex in posttraumatic anterior shoulder instability: a prospective study (Habermeyer et al). 1999;8:66-74

Shoulder joint
Aberrant muscle anterior to the shoulder joint: its clinical relevence (Ogawa et al). 1999;8:46-8
Bilateral osteochondromatosis of the subacromial bursae with incomplete rotator cuff tears (Ogawa et al). 1999;8:78-81 (Case rep.)
Ultrasonic measurement of the anterior translation in the shoulder joint (Krarup et al). 1999;8:136-41
Arthroscopic relationship of the axillary nerve to the shoulder joint capsule: an anatomic study (Uno et al). 1999;8:226-30
Osteometry of the glenohumeral joint (Rozing). 1999;8:438-42

Shoulder pain
Enormous glomus tumor of the shoulder (Roberts et al). 1999;8:365-6 (Case rep.)

Shoulder pathologies
Comparison of magnetic resonance imaging and arthroscopy in the evaluation of shoulder pathology (Torstensen et al). 1999;8:42-5

Shoulder proprioception
Normal shoulder proprioception and the effect of lidocaine injection (Zuckerman et al). 1999;8:11-6

Shoulder replacements
Rotational dissociation of glenoid components in a total shoulder prosthesis: an indication that sagittal torque forces may be important in glenoid component design (Feldman et al). 1999;8:279-80 (Case rep.)

Shoulder stability
Adverse effects of extensive clavicular resections and a suggested method of reconstruction (Adolfsson et al). 1999;8:361-4 (Case rep.)

Shoulder stabilization
Revision shoulder stabilization: 2-10-year results (Zubinski et al). 1999;8:58-65

Snapping scapula
Arthroscopic partial resection of the scapula for snapping scapula: a new technique (Harper et al). 1999;8:53-7

Society News
Third Advanced Course on Shoulder Arthroscopy. 1999;8:500
Seventh Annual Congress of the German Society for Shoulder and Elbow Surgery (DVSE). 1999;8:500

Soft tissue defects
Latissimus dorsi pedicle flap for coverage of soft tissue defects about the elbow (Stevanovic et al). 1999;8:634-43

Stage II impingement syndrome. *See* **Impingement syndrome, Stage II**

Sternoclavicular reconstruction
Erosion and nonunion of the first rib after sternoclavicular reconstruction with Dacron (Reilly et al). 1999;8:76-8 (Case rep.)

Steroid injections
Effect of steroid injections on the rotator cuff: an experimental study in rats (Tillander et al). 1999;8:271-4

Subacromial impingement syndrome. *See* **Impingement syndrome, Subacromial**

Surgery
Arthroscopic partial resection of the scapula for snapping scapula: a new technique (Harper et al). 1999;8:53-7
Posterioinferior glenoplasty can change glenoid shape and increase the mechanical stability of the shoulder (Metcalf et al). 1999;8:205-13
Surgical treatment of full-thickness rotator cuff tears in patients 40 years of age or younger (Hawkins et al). 1999;8:259-65
Neurologic complications of surgery for anterior shoulder instability (Ho et al). 1999;8:266-70
Surgery for rheumatoid arthritis of the elbow: a comparison of radial-head excision and synovectomy with total elbow replacement (Woods et al). 1999;8:291-5
Surgical anatomy of the posterior shoulder: effects of arm position and anterior-inferior capsular shift (Bailie et al). 1999;8:307-13
Arthroscopic surgery versus supervised exercises in patients with rotator cuff disease (Stage II impingement syndrome): a prospective, randomized, controlled study in 125 patients with a 2 1/2 year follow-up. (Wintzell et al). 1999;8:102-11
Surgical management of heterotopic ossification of the shoulder (Warner et al). 1999;8:175-8 (Case rep.)
Desirable trends in training of the surgeon (Masquelet). 1999;8:655-7 (Special lecture)

A wide and versatile combined surgical approach to the shoulder (Levy et al). 1999;8:658-9

T

Tears
Self-assessment questionnaires document substantial variability in the clinical expression of rotator cuff tears (Duckworth et al). 1999;8:330-3
Repair of massive rotator cuff tears in patients older than 70 years (Worland et al). 1999;8:26-30
Bilateral osteochondromatosis of the subacromial bursae with incomplete rotator cuff tears (Ogawa et al). 1999;8:78-81 (Case rep.)
Self-training versus physiotherapist-supervised rehabilitation of the shoulder in patients treated with arthroscopic subacromial decompression: a clinical randomized study (Anderson et al). 1999;8:99-101
Primary anterior shoulder dislocation and rotator cuff tears (Berbig et al). 1999;8:220-5
Surgical treatment of full-thickness rotator cuff tears in patients 40 years of age or younger (Hawkins et al). 1999;8:259-65
Age-related prevalence of rotator cuff tears in asymptomatic shoulders (Tempelhof et al). 1999;8:296-9
Is supraspinatus pathology as defined by magnetic resonance imaging associated with clinical sign of shoulder impingement? (Frost). 1999;8:565-8

Technical Note
A simple suture shuttle in rotator cuff repairs: a technical note (Cyprien et al). 1999;8:159-61 (Technical note)

Tendinitis
Calcific tendinitis of the trapezius insertion (Nofsinger et al). 1999;8:162-4 (Case rep.)

Tendon loss
Restoration of tensile properties of tendon intersion to bone by a patellar tendon-tibia autograft: an experimental study with canine infraspinatus (Aoki et al). 1999;8:628-33

Tendon transfers
The teres major muscle: an anatomic study of its use as a tendon transfer (Wang et al). 1999;8:334-8
Potential excursion and relative tension of muscles in the shoulder girdle: relevance to tendon transfers. (Herzberg et al). 1999;8:430-7

Tennis elbow
Lateral tennis elbow: "Is there any science out there?" (Boyer). 1999;8:481-91 (Review art.)

Teres major muscle
The teres major muscle: an anatomic study of its use as a tendon transfer (Wang et al). 1999;8:334-8

Total elbow arthroplasty. *See* **Elbow**

Toxic shock syndrome
Toxic shock syndrome after a closed comminuted fracture surgery at the distal end of the humerus (Kato et al). 1999;8:165-9 (Case rep.)

U

Ulnar nerve
The extraneural and intraneural arterial anatomy of the ulnar nerve at the elbow (Yamaguchi et al). 1999;8:17-21
